**WHAT IS A CONDITIONAL USE PERMIT?**

A conditional use is a land use or development that would not be appropriate without restrictions, but may be allowed with or without restrictions of conditions as determined by the Planning Commission. The Planning Commission reviews the application and makes a recommendation to the Town Board. In granting a conditional use permit, the Alexandria Town Board shall consider the advice and recommendations of the Planning Commission and the effect of the proposed use upon the health, safety and general welfare of occupants or surrounding lands. Among other things, the following findings may be considered:

- (1.) The use will not create an excessive burden on existing parks, schools, streets and other public facilities and utilities which serve or are proposed to serve the area.
- (2.) The use will be sufficiently compatible or separated by distance or screening from adjacent agricultural or residentially zoned or used land so that existing homes will not be depreciated in value and there will be no deterrence to development of vacant land.
- (3.) The structure and site shall have an appearance that will not have an adverse effect upon adjacent residential properties.
- (4.) The use in the opinion of the Town Board is reasonably related to the overall needs of the Township and to the existing land use.
- (5.) The use is consistent with the purposes of the Zoning Ordinance and the purposes of the zoning district in which the applicant intends to locate the proposed use.
- (6.) The use is in conformance with the Comprehensive Plan of the Township.
- (7.) The use will not create a traffic hazard or congestion.

**Conditional uses allowable within shoreland areas shall be subject to the review and approval procedures listed above with the following additional evaluation criteria and conditions:**

  - i. The prevention of soil erosion or other possible pollution of public waters, both during and after construction.

- ii. The visibility of structures and other facilities as viewed from public waters is limited.
- iii. The site is adequate for water supply and on-site sewage treatment.
- iv. The types, uses, and numbers of watercraft that the project will generate are compatible in relation to the suitability of public waters to safely accommodate these watercraft.

**Conditions Attached to Shoreland Conditional Use Permits.** The Planning Commission, upon consideration of the criteria listed above and the purposes of this Ordinance, shall attach such conditions to the issuance of the conditional use permits as it deems necessary to fulfill the purposes of this Ordinance. Such conditions may include, but are not limited to, the following:

- (1.) Increased setbacks from the ordinary high water level.
- (2.) Limitations on the natural vegetation to be removed or the requirement that additional vegetation be planted.
- (3.) Special provisions for the location, design, and use of structures, sewage treatment systems, watercraft launching and docking areas, and vehicle parking areas.

**Conditions attached to Adult Uses Conditional Use Permits.** The Planning Commission, upon consideration of the criteria listed above and the purposes of this Ordinance, shall attach such conditions to the issuance of the conditional use permits as it deems necessary to fulfill the purposes of this Ordinance. ## **REVIEW:**

1. Any proposed conditional use shall be presented to the Planning Commission for the determination of its applicability to the zoning district wherein permitted. In support of such determination of applicability, the Planning Commission may require preliminary architectural drawings or sketches on all buildings or groups of buildings, showing the front, side and rear elevations of the proposed building, structure or other improvements, and the proposed location of such buildings on the lot as the same will appear after the work has been completed. Such drawings or sketches shall be considered by the Planning Commission in an endeavor to ascertain that such buildings, structures and other improvements shall be so designed or constructed that they will not be of unsightly, undesirable or obnoxious appearance.
2. The Zoning Administrator shall refer the application to the Planning Commission for a public hearing and cause notice of such hearing to be properly published in the legal newspaper not less than ten (10) days prior to the hearing. Property owners within one-quarter (1/4) mile of the affected property or the ten (10) properties nearest the affected property (whichever would provide notice to the greatest number of owners) shall be given notice of the date the Planning Commission will consider said application, although failure of any property owner to receive such notification shall not invalidate the proceedings. Notice shall be given the governing body of any city the incorporated limits of which lie within two (2) miles of the proposed conditional use.

## **ACTION:**

1. A site visit is scheduled for the Planning Commission to view the property. ***The applicant, or their representative, must be present at the site visit in order to answer any questions that may arise. Failure to do so may result in your public hearing being delayed to a future meeting.*** If you cannot be there in person, let the Zoning Administrator know so that you can at least participate via phone or other electronic means.

The purpose of the site visit is to gather basic information and view the site, not discuss whether the application will be granted or not. By state law, the site visit must be open to the public to ensure compliance with state “open meeting” laws.

2. ***The applicant or a representative must be present at the public hearing before the Planning Commission and answer any questions concerning the proposed conditional use. Failure to do so may result in your public hearing being delayed to a future meeting.*** The Planning Commission shall consider possible adverse effects of the proposed conditional use and what additional requirements may be necessary to prevent such adverse effects.
3. The recommendations of the Planning Commission shall be referred to the Town Board of Supervisors within sixty (60) days of the date the complete application was received by the Zoning Administrator, or within a longer period if extended in accordance with the provisions of Minnesota Statutes 15.99, and placed on the agenda of the Board at its regular meeting following referral from the Planning Commission.
4. The Town Board of Supervisors shall take action on the application within sixty (60) days of the date the complete application was received by the Zoning Administrator, or within a longer period if extended in accordance with the provisions of Minnesota Statutes 15.99. If it grants the conditional use permit, the Board may impose any special conditions it considers necessary to protect the public health, safety and welfare. An appeal from any decision of the Town Board of Supervisors may be taken by any person or persons, jointly or severally, aggrieved by any decision of the Board, or any taxpayer, officer, department, board of bureau of the municipality to the Court of Appeals by petition for writ of certiorari within sixty (60) days as delineated in Minnesota Statute 606.01 and applicable court rules, as amended.
5. A certified copy of the granted conditional use permit shall be filed with the Douglas County Recorder or Registrar of Titles by the Zoning Administrator.
6. No application for a conditional use permit shall be resubmitted for a period of one (1) year from the date that the request is denied except the Zoning Administrator may allow a new application if in the opinion of the Zoning Administrator new evidence or a change in circumstances warrants it.
7. Work on any project requiring a conditional use permit shall begin within one (1) year of the issuance of the permit and completed within eighteen (18) months of permit issuance or it shall expire.
8. If any conditions of the conditional use permit are not adhered to the conditional use permit shall be nullified.

9. A conditional use permit shall be deemed to authorize only one particular use and shall expire if the conditional use ceases for more than one year for any reason.
